

pod POINT

The Pod Point Solo Smart Charger-Domestic is a single-vehicle smart charger designed for domestic residential purposes only.

The Solo Smart Charger is available in socketed or tethered model - with the tethered model coming in both Type 1 and Type 2 cabled variants.

The Solo is also available in a variety of charging rates, a 22kW charging rate will require the premises to have a 3 phase electrical supply and does not include Auto Power Balancing.
